GOVERNMENT OF MYSORE

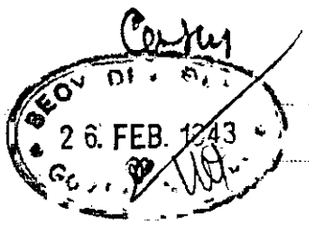
No. 2359
Encls.



OFFICE OF
The Census Superintendent,
in Mysore,
Bangalore,
Date the 25th February 1943.

To

V. Vedavyasacharya, Esq., B.A.,
Secretary to Government,
Development Department, Bangalore.

Sir,

With reference to Government Order No.G.9277-326/Cens. 6-42-9 dated 9th February 1943, sanctioning the continuance of the work of Economic Survey and the Establishment therefor till the end of December 1943, I have the honour to state that it is intended to complete all essential tables in respect of all the 258 selected villages and draft Gazetteers for all of them. The work of compilat and the drafting of the gazetteers is therefore being pushed through rapidly with the help of the staff sanctioned for the purpose. The work of compilation is expected to be completed well before the end of December 1943.

As regards the work of drafting Gazetteers, this work has to be attended to by my Assistant with the help of one of the Supervisors as it cannot be entrusted to the Compilers. The progress made in the work of drafting up-to-date during the month shows that under this arrangement it will be possible to complete the gazetteers for about 15 to 18 villages in a month. At this rate of progress it would not be possible to complete the drafting of the gazetteers for all the 258 villages before December next. I consider therefore that the help of another Senior hand should be given to my Assistant so that he may be able to complete the work before December next as ordered by Government. Besides the drafting of the gazetteers, the basic tables and the gazetteers for the villages have to be got printed and the total number of pages to be printed comes to over 1000 pages in double columns of the size of the Census Report. I would therefore request that against the place of one of the ten Compilers on Rs.30/- each per

per mensum sanctioned in the above order, a Senior Clerk on Rs.45/- per mensem may be kindly sanctioned with effect from 1-3-1943, in order to accelerate the progress in the drafting of gazetteers. The place of a compiler has been kept vacant for want of a suitable hand having experience of compilation work. There are thus savings to the extent of Rs.60/- available and this will be utilised for meeting the extra charges to the extent of Rs.60/- during the current year on account of the appointment of the Senior Clerk proposed against the place of a Compiler kept vacant. This arrangement involves no extra cost but will considerably help in achieving better progress in the drafting of gazetteers. During the next year also the extra amount involved on account of this appointment will be met by retrenchment of hands as work progresses, without asking for any additional grant. I request that Government may be pleased to sanction this proposal as early as possible so that I may entertain a suitable hand who has had good experience of both compilation and Economic Survey work, with effect from 1st March 1943.

As regards the printing and issue of the Economic Survey Report, I propose printing and issuing separate volumes for each District including the basic tables and the gazetteers in respect of all the selected villages of the District with an introductory note reviewing the salient points. These volumes will issue one by one as they get ready and I have also requested the Superintendent, Government Printing, to make necessary arrangements for promptly executing the work. I consider that it would be sufficient to print 250 copies of the Report for each District. One hundred sets of Reports of all the Districts may be got bound as State volumes for reference and the remaining 150 copies of the District volumes may be utilised for distribution and

sale

sale to the Public. I request the favour of early orders of Governmer in this matter also.
